Today was my birthday. I had a fantastic day. In the morning I went to the shopping centre with my family. We went to a gift shop. My mum bought me a special gift. Then my parents **took me to** the cinema and we watched a movie. The film was exciting **so** I felt delighted.

In the afternoon, we went to ABC restaurant. We had lunch there. We ate some noodles. I drank some sweet tea and my parents drank some coffee. I felt happy **because** it was **delicious**.

In the evening, we went home. I watched my **favourite** cartoon and had a candlelight dinner with my parents. I felt fantastic because I had a romantic dinner with my dad and mum.

What a special day!
