

A Special Experience

by Maisie Ho

Once upon a time, Jenny and her friends joined a tree planting activity because they wanted to protect the forest. They dug holes and planted trees in a country park. Jenny's friend said, 'Look at Jenny. She has planted five trees. It's amazing!' Jenny replied, 'You can do it too.'

Later, Jenny found a treasure box. Jenny shouted, 'I have found a treasure box!' Jenny's friends ran to Jenny. Ben asked, 'What is inside the box?' Jenny replied, 'I don't know.' They were puzzled but excited.

Soon, Jenny said, 'Let's open it.' Jenny opened the box. But there was nothing in it. While they were feeling upset, suddenly two fairies flew out from the box. Jenny and her friends were scared.

Jenny asked, 'Who are you?' The two fairies said, 'We are fairies. Thank you for letting us out. We have been in the box for almost five years. We were put in the box by a bad guy and we couldn't get out. Thank you!' Then they flew away.

In the following years, Jenny came back every year, hoping to see the fairies again but she never did.
