

## My mum is a superhero!

By Qiu Tian, Timmie

My mum is a vet. She works at an animal hospital and takes care of all kinds of animals every day. I think my mum is a superhero because her job is very meaningful, great and important.

My mum is very busy. She needs to do a lot of things every day. First, she always helps poor animals which have been dumped by their owners. Then, she always needs to find out why the animals are sick. And of course she needs to give the animals medicine when they are sick.

Sometimes, my mum needs to help clean the animals. A funny thing is that the cats are scared of water so every time they have a bath, they want to run away. Moreover, my mum helps check the health of a lot of animals too. It's so hard to do so but my mum can still do that. Therefore, I think my mum is a superhero!

I have dream job too! I want to be a teacher when I grow up. I think it'll be very interesting to teach children. I think I need to be caring and patient because pets and children are alike. If I want to be a teacher, I need to get along well with the kids, just like my mum who gets along well with the animals. I need to be as hard-working and patient as my mum so that I can make my dream come true!
