

Is Hong Kong an attractive place for tourists?

When people talk about Hong Kong, they may first think of the shopping malls in Hong Kong. Hong Kong is a paradise for the shopping-lovers. But apart from the shopping malls, there are still a lot of places in Hong Kong that you can't miss. Let's talk about Hong Kong's sight-seeing places, outdoor fun and festivals.

There are a lot of sight-seeing places in Hong Kong. I want to talk about the Peak and Ching Ma Bridge. Let's talk about the Peak first. You can walk or just take the Peak Tram to the top of the hill. Then you can look at the beautiful view of Hong Kong. You can even see Victoria Harbour! For Ching Ma Bridge, I suggest that you should go to Lantau Link View Point to look at the view. Next, you can take a bus to travel through Ching Ma Bridge. You can see Ma Wan Strait's view. How wonderful!

How can we miss the outdoor fun in Hong Kong? Ocean Park and Hong Kong Wetland Park are famous places for outdoor fun. In Ocean Park, you can look at the animals, such as sharks, jellyfish, dolphins etc. You can ride on the cable car and play on some exciting rides. In Hong Kong Wetland Park, you can watch some rarest birds and look at the plants and animals. How awesome!

Let's talk about Hong Kong's wonderful festivals. There are some traditional festivals in Hong Kong. But the most famous one must be Bun Festival. You can take a ferry from Central to Cheung Chau. At there, everyone celebrates Bun Festival. You can watch the exciting bun snatching competition. More than that, you can also watch the lion dance there. How exciting!

In general, Hong Kong is an attractive place for tourists.
