

Me and My family

My name is Billy. I am seven years old. I go to Rainbow Primary School. I live in Tai Po. I come to school by train. I have one older sister.

My father is David. He is 38 years old. He is a doctor. He helps sick people. He is a kind man. He doesn't catch animals. He loves reading books in the park. My mother is Kelly. She is a beautiful woman. My sister is Mandy. She is eight years old. She is very fat because she eats too much yummy food that is cooked by our mum. She likes reading like our dad.

I love my family very much. They are so funny.
